IETC is a full day program designed to showcase the most recent environmental and energy technologies available in today's industry. The conference is designed to educate attendees about selecting, deploying and commercializing innovative technologies, and to promote career opportunities in the industry.

**Agenda**

<b>7:30 am - 8:00 am</b>	Registration:	Student Center — NJIT Campus Center, 2 <sup>ND</sup> Floor
<b>8:00 am - 5:00 pm</b>	Exhibit Hall with Poster Presentations Opens	
<b>8:00 am - 9:00 am</b>	Welcome:	Tracy Straka, <i>Creamer Environmental, Inc., EBC Chair</i>
	Keynote Speaker:	Sally Gutierrez, <i>EPA National Risk Management Research Laboratory</i>
<b>9:00 am - 12:15 pm</b>	Morning Sessions:	Track I - Sustainable and Energy Efficiency Technologies Track II - Air Monitoring and Emission Control Technologies
<b>12:15 pm - 1:45 pm</b>	Lunch	
<b>1:45 pm - 4:00 pm</b>	Afternoon Sessions:	Track III - Site Remediation Technologies
<b>4:00 pm - 5:00 pm</b>	Environmental Career Fair	

# IETC 2007

## INNOVATIVE ENVIRONMENTAL TECHNOLOGY CONFERENCE

---

**Conference Co-Chairs:** Tracy Straka, Creamer Environmental, Inc., EBC Chair  
Daniel Watts, Ph.D., New Jersey Institute of Technology

**Keynote Speaker:** Sally Gutierrez, M.S., R.S., Director of EPA National Risk Management Research Laboratory

### SESSION I: SUSTAINABLE & ENERGY EFFICIENCY TECHNOLOGIES

---

**Chairs:** Richard Watson, *Birdsall Engineering* and Chuck Feinberg, *Innovation Fuels*

Leading experts from government and private practice provide an in-depth look at clean energy alternative technologies, sustainable building design innovations and greenhouse gas initiatives.

**Speakers:**

Chuck Feinberg, *Senior Vice President, Innovation Fuels, Inc.*  
Erv Bales, Ph.D., *FASHRAE, New Jersey Institute of Technology*  
Stephen J. Humes, *Partner, McCarter & English, LLP*  
William G. Lashbrook, III, *Senior Vice President, PNC Real Estate Finance*

### SESSION II: AIR MONITORING & EMISSION CONTROL TECHNOLOGIES

---

**Chair:** Jony Laplante, *O'Brien & Gere*

Air quality experts from industry, academia and regulatory agencies provide an overview of the latest tools and technologies used in air monitoring and emission control technologies.

**Speakers:**

Keith Day, *Business Manager, Duct Injection, O'Brien & Gere*  
Peter F. Strom, *PhD. Professor, Rutgers University*  
Linda Bonanno, Ph.D., *New Jersey Department of Environmental Protection, Division of Research & Technology*  
Zihua Fan, Ph.D., *University of Medicine and Dentistry of New Jersey*

### SESSION III: SITE REMEDIATION TECHNOLOGIES

---

**Chairs:** Brian Sogorka, *Langan Engineering* and Neil Julian, *Sarakem Corporation*

A multi-faceted look at innovations in remediation technologies used to expedite the cleanup and reuse of contaminated properties.

**Speakers:**

Anna Willett, *Vice President, CEUS*  
Paul Tornatore, *Vice President and Senior Consultant, Haley & Aldrich*  
Ram K. Tirumala, *Vice President, Yu & Associates*  
James Cummings, *US EPA, Technology Assessment Branch/OSRTI/OSWER*  
Stew Abrams, *Associate, Langan Engineering*  
George Hoag, *Senior Vice President, Director of Research and Development, Verutek Technologies*

### ENVIRONMENTAL CAREER FAIR

---

**Chairs:** Louis Cain, *Assistant Director, Career Development Services, NJIT* and Sue Boyle, *NJ Department of Environmental Protection*

Environmental companies seeking to identify and attract the best available talent, and promote interest in environmental career paths can meet with students and recent graduates of environmental programs at leading New Jersey colleges and universities.
