

Commerce and Industry Association of New Jersey

CEO ROUNDTABLE

Get advice from your peers!

The CEO Roundtable provides a forum for Chief Executive Officers or business owners to seek advice and share experiences, just as you would with a corporate Board of Directors.

Participants freely discuss issues they confront daily: compensation, dealings with family members, financing, marketing, business relocations, difficult employees, sale of a business, and many other topics.

What you can expect from a CEO Roundtable Meeting:

- The CEO Roundtable is a consistent group of 8-10 corporate officers/business owners, from non-competing companies, who serve as your surrogate board of directors, offering "no-holds barred" advice and insights.
- Participants must be Chief Executive, President, corporate officers or "owners on premises" of for-profit businesses with 10 to 100 employees.
- Participants must commit to participate at monthly, 2½ hour meetings, to exchange information.
- Each participant is encouraged to present his/her own specific questions, dilemmas, and situations for peer consideration.
- Participants agree to maintain confidentiality to ensure that all issues can be discussed freely and constructively. Confidentiality Agreement is required.
- This is not a forum for soliciting business. It is a forum for sharing business experiences and gaining solutions to business challenges.

Receive sound business advice!

If you would like to be invited to sit in on an upcoming CEO Roundtable, please contact the roundtable facilitator Stu Bodow at sbodow@cianj.org or call 201-368-2100.
