Lesley Meyer

Lesley Meyer, RN, is corporate manager of human resources for Atlantic Health System. She administers employee and physician compensation and oversees pension, retirement and disability services for more than 13,000 employees. Lesley also has a special interest in attracting and retaining an engaged, multi-generational workforce. She has published several articles, and was interviewed for a CNN news segment featuring Atlantic Health System’s best practices for older workers in America. Lesley was recently a co-speaker for the American Hospital Association’s webinar, “Managing an Intergenerational Workforce: Strategies for Health Care Transformation.” She began her nursing career at Kaiser Medical Center in San Diego, CA. Lesley has a BSN from Pepperdine University, and obtained an MBA from Fairleigh Dickinson University.
