

PENPAC Contribution Sheet

2017

The Private Enterprise Political Action Committee (PENPAC) is affiliated with Commerce and Industry Association of New Jersey — the statewide leader in free market enterprise advocacy.

PENPAC's Mission

PENPAC was first established more than 30 years ago. Its mission is to support political candidates willing to serve as business advocates in Trenton. PENPAC focuses on state laws and policies that directly impact the business community in New Jersey.

The PENPAC Board of Trustees is excited to invite individuals and businesses to become supporters of PENPAC. By supporting PENPAC, you will have the opportunity to attend certain PENPAC/CIANJ events, help identify issues important to our members, and most importantly, be involved in shaping legislation and policy that benefits the business community.

Contributions – Most individuals and corporations in New Jersey can make political contributions. Certain regulated industries such as financial institutions, casinos and utilities are prohibited from making corporate political contributions but individuals and political action committees from these organizations are permitted to contribute. PENPAC is a 501(c)(4) organization. Contributions and gifts to PENPAC are not deductible as charitable contributions.
